ABOUT REINING

Reining is a judged equestrian event designed to show the athletic ability of a ranch type horse within the confines of a show arena. Reining competitors are required to run one of ten approved patterns. Each pattern includes small slow circles, large fast circles, flying lead changes, roll backs over the hocks, 360 degree spins done in place, and exciting sliding stops that are the hallmark of the reining horse. Competition levels range from entry level reining to professional.
